DESIGN PROCESS STEP BY STEP

1 BOOK DESIGN CONSULTATION

Visit showroom and designer gets in touch with them to schedule a complimentary design consultation.

2 MEET THE DESIGNER

Clients and interior discuss their requirements, tastes and their lifestyle.

3 GET DESIGN

Designer take measurements on site and planned space as clients requirements.

4 QUOTATION & SUGGESTIONS

After design approve by clients a tentative quotation shared. the design proposal includes the look and feel of the kitchen, colour palette and suggestions for materials and decor.

5 CLIENT FINALIZE DESIGN

Clients finalize the design for their kitchen. They select materials, finishes, colors etc... then final quotation is shared.

6 ORDER PLACED & TIMELINES

Once the order is placed, designs cannot be cancelled or changed as alterations will negatively impact timelines and budget.

7 INSTALLATION

Installation teams begin on-site work. The modular products will be installed to match the final design.
